

Dec. 18 (Fri) Final Pitch in Japan

[Date]

- Dec. 18 (Fri) 8:15 - 12:00

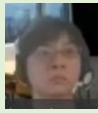

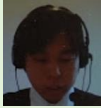

[Participants (number of people)]

- Trainee 26, Judge 5, Mentor 11, MEXT 2, JST 1, JICA 4, India IIT 1, Corporation 10, Utokyo staff 5

[Online pitch]

- 13 teams 7 min. presentation, 5 min. Q&A in English
- Judge criteria: 1) Problem & market 2) Solution 3) Competitive advantage 4) Presentation and Q&A skill

[Result]

- Research info sharing  On-site water supply  Online work support  WiFi for construction site 
- Voice assist device  Filter for antivirus mask  Marine debris processing  Make water from air 
- Home energy monitoring  Skin diagnosis  Hospital staff support  Medical device mgmt  Infectious disease detection 
- 1st place: Voice assist device 2nd place: Home energy monitoring 3rd place: Filter for antivirus mask
- Summary: Problem definition is mostly good, but there are proposals whose solution, competitive advantage, and financial is not clear. Needs improvement for pitch in February.
